## INTRODUCTION

This list includes fishermen's and fish shore workers' unions only. The list was originally compiled February 1948, and the latest revision was made December 1965. It may not be complete because considerable change is taking place among fishery unions as some become dormant or are dissolved, new unions or branches are formed, or affiliations are changed. The U.S. Fish and Wildlife Service, therefore, assumes no responsibility in supplying the list to inquirers. Information on changes may be secured from the Bureau of Commercial Fisheries, Fish and Wildlife Service, U.S. Department of the Interior, Washington, D.C. 20240.

In addition to this list of unions, there is available Fishery Leaflet 590, List of Fishery Associations in the United States, which includes only associations of fishermen and vessel owners (which are not cooperatives), processors, associations of wholesale dealers, distributors, and retailers.

There is also available Fishery Leaflet 588, List of Fishery Cooperatives in the United States, which includes fish producers' cooperatives only. Some activities of certain fishermen's unions, which include boat operators among their membership, are in the nature of fishery cooperative marketing and have been considered as such by Federal courts.<sup>1</sup>
