Fishery Leaflet 200

Chicago 54, Ill.

*

January 1947

LIST OF FISHERY LEAFLETS 1 - 200

Compiled by Barbara B. Aller, Division of Information

-
- FL-1. Black bass angling laws. Prepared in the Division of Game Management. 3 pp., April 1941.
 - FL-2. Aquatic products in the arts and industries. Prepared in the Division of Fishery Industries. 4 pp., July 1941.
 - FL-3. Shipworms and other marine borers. By Paul S. Galtsoff. 4 pp., February 1942.
 - FL-4. Sponges. Prepared in the Division of Fishery Biology. 7 pp., February 1942.
 - FL-5. Sardines. Prepared in the Division of Fishery Biology. 12 pp., February 1943.
 - FL-6. Some publications on fish culture. 7 pp., May 1942.
 - FL-7. Anglers' license data for the year 1940-41. Compiled by Guy W. Lane. 2 pp., May 1942.
 - FL-8. Fishes with fins and scales. By Isaac Ginsburg. 8 pp., June 1942.
 - FL-9. Available publications on fisheries. Compiled in the Division of Information. 22 pp., August 1942.
 - FL-10. Use of sodium arsenite for controlling submerged vegetation in fish ponds. Prepared in the Division of Fish Culture. 5 pp., January 1943.
 - FL-11. Sea mussels. A potential source of attractive low-cost seafood from the Atlantic coast. By Wm. C. Herrington and Leslie M. Scattergood. 5 pp., December 1942.
 - FL-12. Fertilization of fish ponds. Prepared in the Division of Fishery Biology. 7 pp., January 1943.
 - FL-13. Soft and hard clams of the Atlantic coast of the United States. By V.L. Loosanoff. 11 pp., February 1943.

- FL-14. Pacific salmons. Prepared in the Division of Fishery Biology. 10 pp., February 1943.
- FL-15. Lake trout. By John Van Oosten. 8 pp., February 1943.
- FL-16. Outlook for Alaska herring fishery in 1943. By E.H. Dahlgren and L.N. Kolloen. 16 pp., March 1943.
- FL-17. Construction of farm ponds. By John Bloz, C. West Jacobs, and Richard F. Dittman. 10 pp., 9 illus., April 1943.
- FL-18. Home preservation of fishery products: salting, smoking and other methods of curing fish at home. By Norman D. Jarvis. 26 pp., June 1943.
- FL-19. Cooking carp. By Edith E. Hopkins and Catherine M. Ritchie. 8 pp., June 1943.
- FL-20. Canning tuna. By Norman D. Jarvis. 7 pp., June 1943.
- FL-21. How to cook the Burbot. By Edith E. Hopkins and Catherine M. Ritchie. 6 pp., June 1943.
- FL-22. Increasing the production of oysters and other shellfish in the United States. By Paul S. Galtsoff. 14 pp., June 1943.
- FL-23. Earthworms for bait. By Barbara B. Aller. 4 pp., August 1943.
- FL-24. List of publications on farm fish ponds. Compiled in the Division of Fish Culture. 6 pp., August 1943.
- FL-25. List of publications on Irish Moss (Chondrus crispus). Prepared in the Division of Fishery Industries. 5 pp., August 1943.
- FL-26. Salted river herring (alewives) in Chesapeake Bay. By Norman D. Jarvis and R.W. Hines. 4 pp., August 1943.
- FL-27. Farm fish ponds and their management. Prepared in the Divisions of Fishery Biology and Fish Culture. 6 pp., September 1943.
- FL-28. Baits. Prepared in the Division of Fishery Biology. 7 pp., October 1943.
- FL-29. Crab scrap as poultry feed. By John Ruel Manning. 3 pp., August 1943.
- FL-30. Preparation of 3 fishes of the Pacific coast: shark, shad, and lingcod. 5 pp., August 1943.
- FL-31. Some South American fish recipes. Compiled by Norman D. Jarvis. 9 pp., January 1944.

- FL-32. Consider the fishes. By Reginald H. Fiedler. 3 pp., September 1943.
- FL-33. Whalemeat. Prepared in the Division of Fishery Industries. 3 pp., September 1943.
- FL-34. A manual for demonstrating the cooking of carp. By Edith E. Hopkins. 10 pp., September 1943.
- FL-35. Fish cookery in the open. By W.T. Conn. 27 pp., January 1944.
- FL-36. The food value of fish and shellfish. By Hugo W. Nilson. 2 pp., September 1943.
- FL-37. Canning (commercial) of Atlantic and Gulf oysters. By Norman D. Jarvis. 3 pp., September 1943.
- FL-38. Brine-salted herring. By Norman D. Jarvis. 3 pp., September 1943.
- FL-39. The utilization of echinoderms and gasteropod mollusks. By H.P. Kjerskog-Agersborg. 7 pp., October 1943. (From Naturalist, vol. LIV, No. 634, September-October, 1920, pp. 414-426.)
- FL-40. The transportation of frozen live fishes. By Eugene Mir and D.J. Audige. 5 pp., October 1943. (Translated from the French by Jessie E. Drayton: Bulletin de la Societe Centrale d'Agriculture et de Peche, vol. 25, pp. 7-14.)
- FL-41. List of State-owned fish hatcheries and rearing stations. Prepared in the Division of Fish Culture. 14 pp., November 1943.
- FL-42. Restoration and management of the New England alewife fisheries with special reference to Maine. By George A. Rounsefell and Louis D. Stringer. 33 pp., December 1943.
- FL-43. Care of aquarium fishes. Prepared in the Division of Fishery Biology. 7 pp., December 1943.
- FL-44. How to make bloaters. From the Art of Fish Curing, by "Viking" (R.J. Duthrie), the Rosemont Press Aberdeen, Scotland, 1911, pp. 45-46. 2 pp., December 1943.
- FL-45. Brine-cured cod. By Norman D. Jarvis. 2 pp., January 1944.
- FL-46. Dealers in trout and pondfishes. Prepared in the Division of Fish Culture. 7 pp., February 1944.
- FL-47. Fisheries of North America with special reference to the United States. By R.H. Fiedler. 12 pp., January 1944.

- FL-48. Striped mullet and their preparation for the table. Prepared in the Division of Fishery Industries. 4 pp., February 1944.
- FL-49. Otter trawl net for small fishing boats. By B.O. Knako and R.T. Whiteleather. 12 pp., February 1944.
- FL-50. Preparation of fresh eastern oysters for markets. By S.R. Pottinger. 8 pp., March 1944.
- FL-51. Brine-salted mullet has unrealized possibilities. By Charles F. Lee and Leo Young. 3 pp., November 1943.
- FL-52. Planting and marketing oysters in the Pacific Northwest. By Lynn G. McKee. 6 pp., April 1944.
- FL-53. Sauces for seafoods. Prepared in the Division of Fishery Industries. 4 pp., April 1944.
- FL-54. Scaler boosts fish production. By L.V. Burton. (A reprint from Food Industries, Jan. 1944.) 2 pp.
- FL-55. Breathing in fishes. Prepared in the Division of Fishery Biology, 2 pp., May 1944.
- FL-56. Fish distribution boat. By Roy D. Noble and C.H. Bennett. 1 p., April 1944.
- FL-57. Care of goldfish. Prepared in the Division of Game-fish and Hatcheries. 5 pp., November 1944.
- FL-58. Some of the more important publications on diseases and parasites of fishes. Prepared in the Division of Fishery Biology. 2 pp., April 1944.
- FL-59. Construction of garden fish pools. Prepared in the Division of Game-fish and Hatcheries.
- FL-60. Mild-curing, pickling, dry salting, and smoking salmon. By Norman D. Jarvis. 13 pp., June 1944.
- FL-61. Capture and marketing of garfish (with special reference to those of Louisiana) and recipes for their preparation. Prepared in the Division of Fishery Industries. 6 pp., June 1944.
- FL-62. Preserving the angler's catch. Prepared in the Division of Fish Culture. 1 p., June 1944.
- FL-63. The body oil from Menhaden (Brevoortia tyrannus). By W.H. Baldwin and L.E. Parks. (A reprint from Oil and Soap, June 1943.) 4 pp., June 1944.
- FL-64. Construction and operation of lobster fishing gear. By Frank E. Firth (illustrated by Boris O. Knake). 13 pp., July 1944.

- FL-65. An outlet gate for farm fish ponds. Prepared in the Division of Game-fish and Hatcheries (formerly Fish Culture). 4 pp., June 1944.
- FL-66. Preservation and care of fish nets. By Frank E. Firth and Carl B. Carlson. 5 pp., July 1944.
- FL-67. The top minnow, *Gambusia* - the mosquito destroyer. Prepared in the Division of Fishery Biology. 4 pp., July 1944.
- FL-68. Scantletts or jellyfishes. Prepared in the Division of Fishery Biology. 4 pp., July 1944.
- FL-69. Markets and recipes for fresh-water turtles. By Fred F. Johnson. 4 pp., July 1944.
- FL-70. The treatment of fish diseases. Prepared in the Division of Fishery Biology. 4 pp., July 1944.
- FL-71. Edible crabs. Prepared in the Division of Fishery Biology. 3 pp., July 1945.
- FL-72. Culture of hard clams. Prepared in the Division of Fishery Biology. 2 pp., July 1944.
- FL-73. Culture of soft clams. Prepared in the Division of Fishery Biology. 2 pp., July 1944.
- FL-74. The American lobster (*Homarus americanus*). Prepared in Division of Fishery Biology. 8 pp., December 1944.
- FL-75. The Peruvian fisheries. By Reginald H. Fiedler. 13 pp., September 1944. (A reprint from The Geographical Review, vol. XXXIV, No. 1.)
- FL-76. The black basses. Prepared in the Division of Fishery Biology. 10 pp., August 1944.
- FL-77. The fur-seal industry of the Pribilof Islands, Alaska. By Ward T. Bower. 10 pp., August 1944.
- FL-78. Historical outline of the canning of fishery products. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 1-13, 1944.
- FL-79. Operations involved in canning. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 93-111, 1944.
- FL-80. Commercial canning of salmon. Reprinted from Principles and methods in the canning of fishery methods (RR. 7). pp. 117-145, 1944.
- FL-81. Canning sardines. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 147-174, 1944.

- FL-82. Canning tuna commercially. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 174-198, 1944.
- FL-83. Commercial canning of miscellaneous fishery products. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 189-224, 1944.
- FL-84. Canning clams, oysters, sea mussels, and squid. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 225-257, 1944.
- FL-85. Commercial canning of crab, lobster, and shrimp. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 259-283, 1944.
- FL-86. Canning specialty products. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 285-297, 1944.
- FL-87. Canning fish roe and caviar. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 299-308, 1944.
- FL-88. Canned products hermetically sealed but not processed. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 309-322, 1944.
- FL-89. Spoilage in canned fishery products. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 323-357 and pp. 89-93, 1944.
- FL-90. Canned fishery products as food. Reprinted from Principles and methods in the canning of fishery products (RR. 7). pp. 355-362, 1944.
- FL-91. Care of turtles and small alligators. Prepared in the Division of Fishery Biology. 2 pp., 1944.
- FL-92. Fishways for small streams. By George A. Rounsefell. 6 pp., 1 fig., October 1944.
- FL-93. New foods from salmon cannery waste. By Lyle Anderson and Frank Piskur. (Reprinted from Pacific Fisherman, April 1944) 2 pp., October 1944.
- FL-94. Judging the quality and freshness of fish by organoleptic methods. By Maurice E. Stansby. 8 pp., October 1944.
- FL-95. The latent fisheries of Washington and Alaska. By Wilbert McLeod Chapman. 9 pp., October 1944.
- FL-96. Biological positions in the Division of Fishery Biology. 4 pp., October 1944.

- FL-97. Fish culture as a livelihood. Prepared in the Division of Game-fish and Hatcheries. 5 pp., October 1944.
- FL-98. Loch leven trout (Salmo levensis). Prepared in the Division of Fishery Biology. 3 pp., October 1944.
- FL-99. Extraction of vitamin A from dogfish livers. By R.W. Harrison and Wm. S. Hamm. 2 pp., October 1944.
- FL-100. Determination of the age of fishes. Prepared in the Division of Fishery Biology. 3 pp., November 1944.
- FL-101. Survey of academic qualifications for fishery biologists and of institutional facilities for training fishery biologists. By Hileary J. Deason. (Reprinted from vol. 70, Transactions of the American Fisheries Society.) pp. 128-142. October 1941.
- FL-102. Frog culture and the frog industry. Prepared in the Division of Fishery Biology. 4 pp., December 1944.
- FL-103. Suggestions for storing frozen fish. By J.M. Lemon. 4 pp., December 1944.
- FL-104. The canning of Maine sea herring. By Buell W. Blair, E.J. Cameron, and Norman D. Jarvis. 2 pp., December 1944.
- FL-105. Crustaceans as food for fishes. Prepared in the Division of Fishery Biology.
- FL-106. How to cook fish. Prepared in the Division of Commercial Fisheries. 3 pp., January 1945.
- FL-107. Opportunities for small business in the fisheries of the Pacific Northwest and Alaska. By M.E. Stansby. 6 pp., February 1945.
- FL-108. The relative productivity and food value of the fisheries of the United States and Alaska. By Arthur M. Sandberg. 8 pp., February 1945.
- FL-109. The fisheries of the world. By Arthur M. Sandberg. 8 pp., February 1945.
- FL-110. The steelhead and rainbow trouts. Prepared in the Division of Fishery Biology. 2 pp., March 1945.
- FL-111. Fighting fibers and comparable values of fibers for use in commercial fisheries. By Frank E. Firth. 5 pp., February 1945.
- FL-112. Mortality of fishes in fresh-water ponds and lakes. Prepared in the Division of Fishery Biology. 5 pp., March 1945.

- FL-113. Tagging and marking fish. By Lawrence N. Kolloen.
July 1945.
- FL-114. Crustaceans as food for fishes in fish culture. Prepared
in the Division of Fishery Biology. 3 pp., March 1945.
- FL-115. Handling fresh fish. By M.E. Stansby. (Reprinted from
chapter XIV, Chemistry and Technology of Foods and
Food Products, vol. 1, pp. 497-501.) 4 pp., January
1945.
- FL-116. Composition of fish. By M.E. Stansby. (Reprinted
from Chapter XIV, Chemistry and Technology of Foods
and Food Products, vol. 1, pp. 481-493.) 14 pp.,
January 1945.
- FL-117. Positions in the Division of Commercial Fisheries. 6 pp.
Revised February 1946.
- FL-118. Agar, agaroids, and the American agar industry. By
Horace H. Selby. 4 pp., April 1945.
- FL-119. Summary of the Game-fish laws for 1945. Prepared in
the Division of Game-fish and Hatcheries. 15 pp.,
April 1945.
- FL-120. Dehydration of fishery products. By Maurice E. Stansby.
(Reprinted from the Annual Review Number of Fishing
Gazette, 1944, p. 182.) 4 pp., April 1945.
- FL-121. Observations on the shark fishery in the central part of
the Gulf of California with records of vitamin potency
of liver oils and with keys to the identification
of commercially important sharks. By Lionel A.
Walford. 6 pp., April 1945.
- FL-122. Smoking lake herring, whitefish, lake trout, and carp.
By Norman D. Jarvis. 6 pp., April 1945.
- FL-123. Sharks, skates, and rays. Prepared in the Division of
Fishery Biology. 2 pp., May 1945.
- FL-124. Dermatitis in the fish industry. My Louis Schwartz and
Irving R. Tabershaw. 4 pp., May 1945.
- FL-125. How to make and mend fish nets. (Reprinted from the
Atlantic Fisherman, Feb. 1945.) 4 pp., May 1945.
- FL-126. Fish reduction processes. By Charles Butler. 7 pp.,
June 1945.
- FL-127. Eel fishing and eel pots. By Frank E. Firth. 9 pp.,
July 1945.

- FL-128. Refrigerated locker storage of fish for home use. By Martin Heerdt, Jr., Dorris L. Bucher, and Maurice E. Stansby. 19 pp., July 1945.
- FL-129. The Pacific sardine fishery. By Lionel A. Walford. illus., July 1945.
- FL-130. Rains of fishes, toads, and frogs. Prepared in the Division of Fishery Biology. 2 pp., July 1945.
- FL-131. Crayfish. Prepared in the Division of Fishery Biology. 6 pp., July 1945.
- FL-132. The shape, size, structure, and special senses of fishes. Prepared in the Division of Fishery Biology.
- FL-133. Catfishes. Prepared in the Division of Fishery Biology. 3 pp., July 1945.
- FL-134. The black drum. Prepared in the Division of Fishery Biology. 2 pp., July 1945.
- FL-135. Guide to commercial shark fishing in the Caribbean area. Prepared by the Anglo-American Caribbean Commission. 149 pp., illus. 1945.
- FL-136. Dry-salting mullet, red drum (channel bass) and kingfish (king mackerel). By Norman D. Jarvis. 5 pp., September 1945.
- FL-137. Summary of trout stocking experiments. By Ancil D. Holloway. 16 pp., August 1945.
- FL-138. Some time and labor saving techniques in vitamin A and oil analyses. By F.B. Sanford, G.C. Bucher and W. Clegg. 3 pp., July 1945.
- FL-139. WFA net weights and conversion factors for fishery products summarized. 3 pp., July 1945.
- FL-140. "Fish poisoning" and its prevention. (Reprinted from the Pacific Fisherman, vol. 39, no. 7, June 1932.) 3 pp., August 1945.
- FL-141. Drill sampling device for fish liyers. By L.G. McKee, F.B. Sanford, and G.C. Bucher. 6 pp., August 1945.
- FL-142. Spiny lobster. By John C. Pearson. 4 pp., September 1945.
- FL-143. Preparation of fish for storage in refrigerated lockers. By Leo Young. September 1945.
- FL-144. Precooked frozen fish preparations. By Kathryn L. Osterhaug and Dorris L. Bucher. 7 pp., September 1945.

- FL-145. Pearl culture. Prepared in the Division of Fishery Biology. October 1945.
- FL-146. Preliminary report on the use of DDT as an insecticide in the fishery industries. 7 pp., October 1945.
- FL-147. List of Federal fish-cultural stations. By O. Lloyd Meehan. 5 pp., November 1945.
- FL-148. Improved fish trap for taking spawners. Prepared in Division of Game-fish and Hatcheries. 2 pp., 1 fig., February 1946.
- FL-149. Unemployment insurance information for fishermen and allied workers. Chesapeake Bay States, Maryland and Virginia. 6 pp., November 1945.
- FL-150. Unemployment insurance information for fishermen and allied workers. Middle Atlantic States, New York, New Jersey, Pennsylvania, and Delaware. 13 pp., November 1945.
- FL-151. Unemployment insurance information for fishermen and allied workers. New England States, Maine, New Hampshire, Massachusetts, Rhode Island, and Connecticut. 15 pp., December 1945.
- FL-152. Unemployment insurance information for fishermen and allied workers. South Atlantic States, North Carolina, South Carolina, Georgia, and Florida. 13 pp., December 1945.
- FL-153. Unemployment insurance information for fishermen and allied workers. Pacific Coast States, Washington, Oregon, and California.
- FL-154. Unemployment insurance information for fishermen and allied workers. Gulf States, Alabama, Mississippi, Louisiana, and Texas. 11 pp., December 1945.
- FL-155. Dry ice refrigeration of fresh fish fillets. By E. F. Kapalka and R.H. Flowers. 4 pp., December 1945.
- FL-156. The commercial importance of seaweed gums in the United States. By Victor B. Scheffer. 5 pp., November 1945.
- FL-157. Japanese fishing industry. Prepared in the Office of the Chief of Naval Operations from information in the Navy Department file. 21 pp., December 1945.
- FL-158. Some methods of fishing sharks. (Extracted from Preliminary Report of Shark Investigations at Big Pine, Florida, 1924, by Elmer Higgins. 2 pp., December 1945.

- FL-159. Condensed fish press water and fish liver meal in chick rations. By E.P. Berry, C.W. Carrick, Roy E. Roberts, and S.M. Hauge. 7 pp., December 1945.
- FL-160. Partial list of trade journals and newspapers concerning fishery products. Prepared in the Division of Commercial Fisheries. 4 pp., December 1945.
- FL-161. Ridding ponds of turtles. Prepared in the Division of Fishery Biology. 2 pp., 1 fig., December 1945.
- FL-162. Aquatic Biology: a selected list of books. Compiled in the Library, Fish and Wildlife Service. 9 pp., March 1946.
- FL-163. Culture and care of minnows, shiners, and bait fish. Prepared in the Division of Fishery Biology. 4 pp., March 1946.
- FL-164. Alligators. Prepared in the Division of Fishery Biology. 2 pp., February 1946.
- FL-165. Some tropical aquarium fishes. Prepared in the Division of Fishery Biology. 16 pp., March 1946.
- FL-166. The pikes. By John Van Oosten. 6 pp., March 1946.
- FL-167. Fishing Vessels of New England and New York City, 1945. By H.M. Bearse and W.F. Royce. Compilation of annual boat list begun by George A. Rounsefell. 43 pp., January 1946. Chart.
- FL-168. Instructions for obtaining laws and regulations governing the commercial fishing industry of the United States and Alaska. 2 pp., December 1945.
- FL-169. Natural history and methods of controlling the starfish, Asterias forbesi (Desor). Prepared in the Division of Fishery Biology. 7 pp., March 1946.
- FL-170. Sponge production and international sponge trade of the United States. By Richard A. Kahn and Lois B. Sandven. 8 pp., 6 charts, January 1946.
- FL-171. Unemployment insurance information for fishermen and allied workers. Great Lakes States, Minnesota, Wisconsin, Illinois, Michigan, Ohio. 18 pp., December 1945.
- FL-172. Compliance with the Federal Food, Drug, and Cosmetic Act in the marketing of fishery products. By Albert C. Hunter. 3 pp., January 1946.

- FL-173. Agar and other seaweed gums: a summary of data on chemical and physical properties. By Leonard S. Stoloff and Charles F. Lee. 8 pp., March 1946.
- FL-174. Stream pollution hazards of wood pulp mill effluents. By B.A. Westfall. 8 pp., April 1946.
- FL-175. Striped bass (Roccus saxatilis). Prepared in the Division of Fishery Biology. 3 pp., March 1946.
- FL-176. Atlantic salmon (Salmo salar). By Louis D. Stringer. 6 pp., March 1946.
- FL-177. Progress report on tests in commercial fisheries of cordages made from various fibers. 7 pp., May 1944, re-issued March 1946.
- FL-178. Partial list of fishing boat builders. Prepared in the Division of Commercial Fisheries. 3 pp., March 1946.
- FL-179. The shad (Alosa sapidissima). Prepared in the Division of Fishery Biology. 10 pp., March 1946.
- FL-180. Home canning of fish. By Norman D. Jarvis. 11 pp., March 1946.
- FL-181. Fish can be stored in refrigerated lockers with other foods. By Martin Heerd, Jr. 3 pp., March 1946.
- FL-182. Reproduction in fishes. Prepared in the Division of Fishery Biology. 4 pp., April 1946.
- FL-183. Some publications on corals. Prepared in the Division of Fishery Biology. 1 p., April 1946.
- FL-184. The Chesapeake Bay soft crab industry. By Prentiss Evans. 5 pp., Revised April 1946.
- FL-185. Keeping quality of East Coast crab meat in fiberboard containers and in tin cans. By S.R. Pottinger. 4 pp. May 1946.
- FL-186. Non-gilling fish sorter. Prepared in the Division of Game-fish and Hatcheries. 3 pp., illus., May 1946.
- FL-187. The oyster and the oyster industry in the United States. By Paul S. Galtsoff. 10 pp., March 1946.
- FL-188. The tuna industry of southern Spain. By T.E.A. Classen. (Translated from the Spanish). 28 pp., July 1946.
- FL-189. Icing of fish at sea. By Boris O. Knake. 3 pp., July 1946.

- FL-190. Turtle trapping. Prepared in the Division of Game-fish and Hatcheries. May 1946.
- FL-191. Dealers in bait fishes. Prepared in the Division of Game-fish and Hatcheries. 3 pp., July 1946.
- FL-192. Gloucester - Three centuries a fishing port. By Homer Haberland. 5 pp., August 1946.
- FL-193. Partial list of dealers in goldfish, aquarium fishes, plants, and accessories. Prepared in the Division of Game-fish and Hatcheries. 5 pp., August 1946.
- FL-194. Recipes for Pacific rockfish. By Kathryn L. Osterhaug. 2 pp., September 1946.
- FL-195. Partial list of manufacturers of fish netting, nets, twine, rope, fish hooks, and some types of fish equipment. Prepared in the Division of Commercial Fisheries. 12 pp., October 1946.
- FL-196. Smoked herring. By Norman D. Jarvis. 10 pp., October 1946.
- FL-197. Fishery Statistics. By E.A. Power. 12 pp., October 1946.
- FL-198. Haddock. By Howard A. Shuck. October 1946.
- FL-199. New rig for high opening otter trawl. Prepared in the Division of Commercial Fisheries. 1 pp., October 1946.
- FL-200. List of Fishery Leaflets 1 - 200. Compiled by Barbara B. Aller. 13 pp., January 1947.

- F.L. 2 - Never issued.
- F.L. 7 - Anglers' license data for the year 1940-41. (Superseded by Press Releases)
- F.L. 12 - Fertilization of Fish Ponds. (Out of Print)
- F.L. 16 - Outlook for Alaska Herring Fishery in 1943. (Superseded by Special Scientific Report 25)
- F.L. 20 - Canning Tuna. (Superseded by F.L. 82)
- F.L. 29 - Crab Scrap as Poultry Feed. (Out of Print)
