

## GENERAL INDEX

	Page.		Page.
acanthias, <i>Squalus</i> .....	267	beani, <i>Salmincola</i> .....	363
Achtheres ambloplitis.....	365	Beaufort, N. C., sharks and rays.....	241-284
coregoni.....	365	bicauliculata, <i>Salmincola</i> .....	363
corpulentus.....	365	Big-toothed sucker.....	443
lacæ.....	365	Birds, Pribilof Islands, Alaska.....	121
micropteri.....	365	birostris, Manta.....	280
pimelodi.....	364	Black-sided darter.....	449
acronotus, <i>Carcharhinus</i> .....	259	biennioides, <i>Diplecion</i> .....	450
Aëtobatus narinari.....	278	blennioides, <i>Notropis</i> .....	444
Alaska, Pribilof Islands, 1914.....	13-172	Blindfish.....	445
birds.....	121	Blue-breasted darter.....	451
fishing.....	125	Bluegill.....	446
foxes.....	105	Blunt-nosed minnow.....	443
fur-bearing animals.....	13-121	bosci, <i>Gobiosoma</i> , embryology and larval development.....	423
reindeer.....	117	brasiliensis corallina, <i>Narcine</i> .....	270
sea lions.....	119	brevirostris, <i>Hypoprion</i> .....	253
seals.....	13-105	Bullhead, prickly.....	381
stickleback.....	380	cæruleus, <i>Ergasilus</i> .....	360
altavela, <i>Pteroplatea</i> .....	277	California, fishes Tomales Bay tributaries.....	377-381
Ambloplites rupestris.....	446	californiensis, <i>Salmincola</i> .....	362
ambloplitis, <i>Achtheres</i> .....	365	Campostoma anomalum.....	443
amblops, <i>Hybopsis</i> .....	445	camurum, <i>Etheostoma</i> .....	451
americanus, <i>Argulus</i> .....	355	canadense, <i>Stizostedion</i> .....	448
Ancylopsetta, color changes and adaptation.....	177-238	canadensis, <i>Argulus</i> .....	348
Angel fishes.....	268	caprodes, <i>Percina</i> .....	448
anomalum, <i>Campostoma</i> .....	443	<i>Carcharhinidae</i> , requiem sharks.....	250
appendiculosus, <i>Argulus</i> .....	353	<i>Carcharhinus acronotus</i> .....	259
Aprionodon isodon.....	252	commersonii.....	260
Argulidae.....	348	milberti.....	257
<i>Argulus americanus</i> .....	355	<i>carcharias</i> , <i>Carcharodon</i> .....	247
appendiculosus.....	353	<i>Carcharias taurus</i> .....	244
canadensis.....	348	<i>Carcharidae</i> , sand sharks.....	244
catostomi.....	355	<i>Carcharodon carcharias</i> .....	247
flavescens.....	349	carpenteri, <i>Salmincola</i> .....	364
funduli.....	355	Cat sharks.....	249
ingens.....	354	cataphractus, <i>Gasterosteus</i> .....	380
lepidostei.....	351	catenatus, <i>Fundulus</i> .....	445
maculosus.....	354	Catfishes.....	442
mississippiensis.....	350	catostomi, <i>Argulus</i> .....	355
nobilis.....	354	<i>Lernæocera</i> .....	369
stizostethii.....	353	<i>Catostomus commersonii</i> .....	442
trilineatus.....	355	nigricans.....	443
versicolor.....	355	occidentalis.....	378
articus, <i>Galeocerdo</i> .....	261	<i>Catulidae</i> , cat sharks.....	249
asper, <i>Cottus</i> .....	381	<i>Catulus retifer</i> .....	249
aspro, <i>Hadropterus</i> .....	449	centrarchidarum, <i>Ergasilus</i> .....	361
atromaculatus, <i>Semotilus</i> .....	443	<i>Cestracion tiburo</i> .....	265
atronasus, <i>Rhinichthys</i> .....	445	zygæna.....	263
aurantiacus, <i>Hypohomus</i> .....	449	<i>Cestraciontidae</i> , hammer-head sharks.....	263
aureolum, <i>Moxostoma</i> .....	443	<i>Cetorhinus maximus</i> .....	248
Basking sharks.....	248	Channel cat.....	442
Bass, largemouth black.....	448	chautauquaensis, <i>Ergasilus</i> .....	362
smallmouth black.....	448	<i>Chrosomus erythrogaster</i> .....	443
rock.....	446	<i>chrysopterus</i> , <i>Orthopristis</i> , scales indicative of life history.....	289-330

	Page.		Page.
Chub.....	443, 445	Ergasilus lizæ.....	362
cirratum, Ginglymostoma.....	248	megaceros.....	357
Cliola vigilax.....	443	nigritus.....	356
coccogenis, Notropis.....	260	versicolor.....	361
commersonii, Carchaëpinus.....	260	erythrogaster, Chrosomus.....	443
Catostomus.....	442	Etheostoma camurum.....	452
Common redbhorse.....	443	flabellare.....	452
copelandi, Cottogaster.....	449	maculatum.....	452
Copepod parasites, fresh-water fishes.....	333-374	rufilineatum.....	452
coregoni, Achtheres.....	365	variatum.....	450
cornutus, Notropis.....	444	zonale.....	450
corpulentus, Achtheres.....	365	evides, Hadropterus.....	449
Cottogaster copelandi.....	449	Fairport fisheries biological station.....	387-405
Cottus ictalops.....	451	biological environment.....	398
asper.....	381	buildings and ponds.....	388
gulosus.....	381	equipment.....	388
Cow-nosed rays.....	279	fishes, reclamation.....	402
Creek chub.....	443	function.....	387
cruciata, Lernaocera.....	367	propagation, mussels, fishes.....	399-404
Ctenogobius stigmaticus, embryology and larval develop- ment.....	426	water systems.....	388
Cynoscion regalis, scales.....	289-330	falculata, Salmincola.....	363
Cyprinodon variegatus, embryology and larval develop- ment.....	409	Fallfish, red.....	444
Dace, black-nosed.....	445	Fan-tailed darter.....	451
horned.....	443	Fisheries biological station, Fairport, Iowa.....	387-405
red-bellied.....	443	Fishes:	
Darter, blue-breasted.....	451	color changes and adaptation.....	177-238
black-sided.....	449	copepods and mussel glochidia, parasites.....	333-374
fan-tailed.....	451	embryology and larval development, teleostean.....	409-429
green-sided.....	450	habits, propagation, environmental conditions.....	404
Dasybatidæ, sting rays.....	273	hosts, copepod parasites.....	334
Dasybatus hastatus.....	273	parasites, fresh-water.....	333-374
sabinus.....	274	propagation and reclamation.....	402
say.....	275	reclamation and propagation.....	402
Devilfish.....	279	scales, squeteague and pigfish, indicative of life his- tory.....	289-330
Diplesion blennioides.....	450	teleostean, embryology and larval development.....	409-429
dissimilis, Hybopsis.....	445	Tennessee, east.....	433-451
Dogfishes.....	267	Tomales Bay tributaries.....	377-381
dolomieu, Micropterus.....	448	Fishing, Pribilof Islands, Alaska.....	125
dumeril, Rhina.....	268	flabellare, Etheostoma.....	451
duquesnii, Placopharynx.....	443	flavescens, Argulus.....	349
Eagle rays.....	277	Flounders:	
edwardsii, Salmincola.....	363	Ancylosetta, color changes and adaptation.....	177-238
eglanteria, Raja.....	272	Paralichthys, color and adaptation.....	177-238
Electric rays.....	270	freminvillii, Myliobatis.....	277
elegans, Ergasilus.....	359	funduli, Argulus.....	355
cleutherus, Schilbeodes.....	442	Ergasilus.....	362
clongatus, Ergasilus.....	358	Fundulus catenatus.....	445
Embryology and larval development, teleostean fishes.....	409-429	notatus.....	445
Ctenogobius stigmaticus.....	426	Foxes, Pribilof Islands, Alaska.....	105
Cyprinodon variegatus.....	409	Fur seal and other life, Pribilof Islands, 1914.....	13-172
Gobiosoma bosci.....	423	birds.....	121
Kirtlandia vagrans.....	420	foxes.....	105
Lucania parva.....	415	reindeer.....	117
naked goby.....	423	sea lions.....	119
rainwater-fish.....	415	seals.....	13
rough silverside.....	426	galacturus, Notropis.....	444
scallopfish.....	426	Galeocerdo arcticus.....	261
sheepshead minnow.....	426	Galeorhinidæ, smooth dogfish.....	267
Ergasilidæ.....	356	Galeorhinus levis.....	267
Ergasilus cæruleus.....	360	Gasterosteus cataphractus.....	380
centrarchidarum.....	361	gilberti, Ulocentra.....	450
chautauquaensis.....	362	Ginglymostoma cirratum.....	248
funduli.....	362	Glochidia, mussel, economic relations to copepod para- sites.....	333-374
elegans.....	359	Gobiosoma bosci, embryology and larval development.....	423
clongatus.....	358	Goggle-eye.....	446
lanceolatus.....	356	Green-sided darter.....	450

	Page.		Page.
Green trout.....	448	micrura, Pteroplates.....	276
gulosus, Cottus.....	381	milberti, Carcharhinus.....	257
Hadropterus aspro.....	449	Miller's thumb.....	451
evides.....	449	Minnnows.....	409, 443, 444, 445
macrocephalus.....	448	mississippiensis, Argulus.....	350
scierus.....	449	miurus, Schilbeodes.....	442
Hammer-head sharks.....	263	Mobula hypostoma.....	279
hastatus, Dasybatus.....	273	Mobulidæ, sea devils.....	279
Hesperoleucus venustus.....	379	monaca, Hybopsis.....	445
Hog sucker.....	443	Moxostoma aureolum.....	443
Hornyhead.....	446	Mussel glochidia, economic relations to copepod para- sites.....	333-374
Hybopsis amblops.....	445	Mussel propagation.....	399
dissimilis.....	445	Myliobatidæ, eagle rays.....	277
hypostoma.....	445	Myliobatis freminivillii.....	277
kentuckiensis.....	445	Naked goby, embryology and larval development.....	423
monaca.....	445	Narcacantidæ, electric rays.....	270
hypostoma, Hybopsis.....	445	Narcine brasiliensis corallina.....	270
Hypohomus aurantiacus.....	449	narinari, Aëtobatus.....	278
Hypoprion brevirostris.....	253	nigricans, Catostomus.....	443
hypostoma, Mobula.....	279	nigritus, Ergasilus.....	356
ictalops, Cottus.....	451	nobilis, Argulus.....	354
Ictalurus punctatus.....	442	notatus, Fundulus.....	445
inermis, Salmincola.....	363	Pimephales.....	443
ingens, Argulus.....	354	Notropis bienniis.....	444
Iowa, Fairport fisheries biological station.....	387-405	coccogenis.....	444
irideus, Salmo.....	380	cornutus.....	444
isodon, Aprionodon.....	252	galacturus.....	444
Isuridæ, mackerel sharks.....	247	leuciodus.....	444
Isurus tigris.....	247	micropteryx.....	445
kentuckiensis, Hybopsis.....	445	rubricroceus.....	444
Kirtlandia vagrans, embryology and larval development. lacæ, Achtheres.....	365	shumardi.....	444
lævis, Galeorhinus.....	267	stilbius.....	444
lanceolatus, Ergasilus.....	356	telescopus.....	444
lentiginosus, Rhinobatus.....	269	zonatus.....	444
lepidostei, Argulus.....	351	Nurse sharks.....	248
Lepomis megalotis.....	446	occidentalis, Catostomus.....	378
pallidus.....	446	olivaris, Leptops.....	442
Leptops olivaris.....	442	oquassa, Salmincola.....	363
Lernæidæ.....	365	Orectolobidæ, nurse sharks.....	248
Lernæocera catostomi.....	369	ornata, Raja.....	271
cruciata.....	367	Orthoprictis chrysopterus, scales indicative of life his- tory.....	289-330
pectoralis.....	370	pallidus, Lepomis.....	446
pomotidis.....	369	Paralichthys, color changes and adaptation.....	177
tenuis.....	366	Parasites, fresh-water fishes.....	333
tortua.....	368	copepods.....	333
variabilis.....	365	mussel glochidia.....	337
Lernæopodidæ.....	362	parva, Lucania, embryology and larval development.....	415
leuciodus, Notropis.....	444	Perch, log.....	448
lizæ, Ergasilus.....	362	Percina caprodes.....	448
Log perch.....	448	pectinatus, Pristis.....	268
Long-eared sunfish.....	446	pectoralis, Lernæocera.....	370
Lucania parva, embryology and larval development.....	415	Phenacobius uranops.....	445
Mackerel sharks.....	247	Pigfish, scales, indicative of life history.....	289
macrocephalus, Hadropterus.....	448	Pike.....	448
maculosus, Argulus.....	354	pimelodi, Achtheres.....	364
Mad tom.....	448	Pimephales notatus.....	443
Manta birostris.....	280	Placopharynx duquesnii.....	443
marina, Vulpecula.....	246	pomotidis, Lernæocera.....	369
maximus, Cetorhinus.....	248	Pribilof Islands, Alaska, 1914.....	13
meadiæ, Ulocentra.....	450	birds.....	121
megaceros, Ergasilus.....	357	fishing.....	125
megalotis, Lepomis.....	446	foxes.....	105
micropteryi, Achtheres.....	365	fur seals.....	18
Micropterus dolomieu.....	448	general description.....	17
salmoides.....	448	natives.....	132
micropteryx, Notropis.....	445	reindeer.....	117
		sea lions.....	119

	Page.		Page.
Prickly bullhead .....	381	Seals, fur, 1914 .....	13-104
Pristidae, sawfishes .....	268	breeding, harem bull .....	45
Pristis pectinatus .....	268	bulls, idle and young .....	50
Pteroplatea altavela .....	277	census of herd, 1914 .....	25
micrura .....	276	character and habits .....	18
punctatus, Ictalurus .....	442	classes of seals, distinctions .....	58
quadriloba, Rhinoptera .....	279	driving, killing, and curing skins, methods .....	85
Radii, interpretation .....	311	existing laws, effect of .....	96
Rainbow trout .....	380	herd, management of .....	77
Rainwater-fish, embryology and larval development .....	415	improvements, practical .....	92
Raja eglanteria .....	272	land sealing, effect of .....	76
ornata .....	271	mortality of .....	70
stabuliforis .....	272	pelagic sealing .....	74
Rajidae, skates .....	271	sealing, history .....	21
Rays and sharks, Beaufort, N. C. .....	241	Semotilus atromaculatus .....	443
utilization .....	242	Sharks and rays, Beaufort, N. C. .....	241-284
Red fallfish .....	444	utilization .....	242
Red-bellied dace .....	443	Sharklike fishes .....	269
Redhorse, common .....	443	Sheepshead minnow, embryology and larval develop- ment .....	409
regalis, Cynoscion, scales, indicative of life history .....	289-330	Shilbeodes eleutherus .....	442
Reindeer, Pribilof Islands, Alaska .....	117	miurus .....	442
Requiem sharks .....	250	Shiner .....	444, 445
retifer, Catulus .....	249	Shockfish .....	270
Rhina dumeril .....	268	shumardi, Notropis .....	444
Rhinichthys atronasus .....	445	Silver chub .....	445
Rhinidae, angel fishes .....	268	Silverside, rough, embryology and larval development .....	420
Rhinobatidae, sharklike rays .....	269	simotera, Ulocentra .....	450
Rhinobatus lentiginosus .....	269	siscowet, Salmincola .....	363
Rhinoptera quadriloba .....	279	Skates .....	271
Rhinopteridae, cow-nosed rays .....	279	Skates, sharks, rays .....	243
Rifflefish .....	381	sloani, Urobatis .....	276
River chub .....	445	Smooth dogfishes .....	267
Roach, San Francisco .....	379	Squalidae, spiny dogfishes .....	267
Rock bass .....	446	Squalus acanthias .....	267
Rot-gut minnow .....	443	Squeteague, scales, indicative of life history .....	289-330
Rough silverside, embryology and larval development .....	420	stabuliforis, Raja .....	272
rubricroceus, Notropis .....	444	Stickleback, Alaska .....	380
rufilineatum, Etheostoma .....	451	stigmaea, Ulocentra .....	449
rupestris, Ambloplites .....	446	stigmaticus, Ctenogobius, embryology and larval devel- opment .....	426
sabinus, Dasybatus .....	274	stilbius, Notropis .....	444
Sacramento sucker .....	378	Sting rays .....	269, 273, 274-275
Salmincola carpenteri .....	364	Stingaree .....	275
beani .....	363	Stizostedion canadense .....	448
bicauculata .....	363	vitreum .....	448
californiensis .....	362	stizostethii, Argulus .....	353
edwardsii .....	363	Stone roller .....	443
falculata .....	363	Straw-colored minnow .....	444
inermis .....	363	subterraneus, Typhlichthys .....	445
oquassa .....	363	Sucker .....	378, 442, 443
siscowet .....	363	Sunfish, long-eared .....	446
Salmo irideus .....	380	taurus, Carcharias .....	244
salmoides, Micropterus .....	448	telescopus, Notropis .....	444
San Francisco roach .....	379	Tennessee, east, fishes .....	433
Sand pike .....	448	region and waters, examined .....	433
Sand sharks .....	244	species, list .....	442
Sauger .....	448	tenuis, Lernæocera .....	366
Sawfishes .....	268	terræ-novæ, Scoliodon .....	250
say, Dasybatus .....	275	Thresher sharks .....	246
Scales, structure and growth, squeteague and pigfish .....	289-330	tiburo, Cestracion .....	265
radii, interpretation .....	311	Tiger sharks .....	261
squeteague and pigfish .....	289-330	tigris, Isurus .....	247
Scallopfish, embryology and larval development .....	426	Tocaloma .....	381
Schilbeodes eleutherus .....	442	Tomales Bay tributaries fishes .....	377-381
scierus, Hadropterus .....	449	Top minnow .....	445
Scoliodon terræ-novæ .....	250	tortua, Lernæocera .....	368
Sea devils .....	279		
Sea lions, Pribilof Islands, Alaska .....	119
