The printing of this publication has been approved by the Director of the Bureau of the Budget, November 5, 1952.

## CONTENTS

COVER: WOMEN AND BOY IN THAILAND CATCHING FISH BY MEANS OF PLUNGE BASKETS. THE BASKETS HAVE OPENINGS AT THE BOTTOM AND THE TOP, AND ARE THRUST INTO THE WATER TO TRAP THE FISH WHICH ARE THEN REMOVED BY HAND. INCREASED PRODUCTION AND CONSUMPTION OF FISH ARE THE BEST WAYS FOR OVERCOMING THE GENERAL LACK OF PROTEIN IN THE DIET OF FAR EASTERN POPULATIONS, ACCORDING TO EXPERTS OF THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS (FAO). FAO SENT A FISH-CULTURE EXPERT TO THAILAND TO TRAIN AND ASSIST THAI TECHNICIANS IN IMPROVING AND DEVELOPING THE INLAND FISHERIES RESOURCES OF THEIR COUNTRY.
