The printing of this publication has been approved by the Director of the Bureau of the Budget, November 5, 1952.

CONTENTS

COVER: Drum seiner on Boundary Bay, Puget Sound. In place of the conventional turntable, this vessel uses a large drum on reel mounted on the stern for setting, rewinding, and carrying the purse seine. A trend toward the use of this new method became noticeable at the start of the 1953 Puget Sound salmon fishery.
