The printing of this publication has been approved by the Director of the Bureau of the Budget, August 2, 1955. (8/31/57)

CONTENTS

COVER: A salmon being hauled in over the gill-net roller on the bow of the Service's exploratory fishing vessel John N. Cobb during its exploratory cruise in the offshore waters of the Gulf of Alaska this summer. Cruise revealed new information on the offshore distribution of several species of Pacific salmon. (See p. 60 of this issue.)
