The printing of this publication has been approved by the Director of the Bureau of the Budget, May 21, 1957. 5/31/60

## CONTENTS

COVER: During October 19-25, 1959, the Fishing Industry makes its usual annual all-out effort to promote the sale and use of fish and shellfish products. The objective is to increase the over-all and per capita consumption of fishery products in the United States. All segments of the fishing and allied industries and Government are cooperating in the promotion campaign.

Construction and Catch Selectivity of Albacore Gill Nets Used in the Central North Pacific, by Joseph J. Graham and Herbert J. Mann	Page	1
Nutritional Values of Fish-Meal Proteins and Their Relation to Processing Variables, by C. R. Grau, Neva L. Karrick, B. D. Lundholm, and R. N. Barnes		7
RESEARCH IN SERVICE LABORATORIES:	Page	
Canned Tuna Quality Improvement Studies	13	
Chemical Composition of Pacific Coast Fish and Shellfish	13	
Control of Drip in Chilled and Frozen Fishery Products	14	
Freezing and Cold Storage of Pacific Oysters and Fresh-Water Fish	15	
New Products from Fish Oils	15	
Studies on Chemical Compounds Formed During Spoilage of Fish	17	
TRENDS AND DEVELOPMENTS:	18	
California:		
Aerial Census of Commercial and Sport Fishing Continued (Airplane Spotting Flight 59-7)	18	
Pelagic Fish and Barracuda Population Survey off Coast Southern California and Northern Baja California (M/V Alaska Cruise 59-A-3 Pelagic Fish and Barracuda)	18	
Canned Fish:		
Canned Fish Purchases, April 1959	19
