Howe, M., M. Castellote, C. Garner, P. McKee, R. J. Small, and R. Hobbs. 2015. Beluga, *Delphinapterus leucas*, ethogram: A tool for Cook Inlet beluga conservation? *Marine Fisheries Review* 77(1):32–40.

The paper inadvertently states in the first sentence of the Abstract (p. 32) and the first sentence of the Discussion section (p. 36–37), that it presents the first peer-reviewed ethogram of wild belugas. The paper does present the first peer-reviewed ethogram of Cook Inlet beluga whales; however, the first ethogram of wild belugas was developed by Smith et al., 1994, and that citation is added to the Appendix on page 40:

Beluga whale (*Delphinapterus leucas*)
